

## Random Acts of Kindness Scholarship

---

**Scholarship Value:** \$350

**Awards Available:** 4 per year for 5 years

A random act of kindness can go a long way, and due to the generous anonymous donation to the Dutchmen Education Foundation (DEF), the DEF decided to create The Random Acts of Kindness Scholarship to hear students' stories of small efforts that brightened someone's day. We want to encourage students who believe in doing good for others just for the sake of being kind.

If you have a story of a random act of kindness, we encourage you to apply. Explain how this event impacted you and the others involved and why you decided to do the act of kindness. One student from each of the different post-secondary pursuits will receive a \$350 scholarship award for their essay detailing this experience and explaining the effects of such an act. It is our hope that this scholarship will not only recognize students for their good deeds but also encourage others to commit similar acts.
