

Annville-Cleona School District Vaccinated/Unvaccinated Flow Chart

Vaccinated Students/Staff

Unvaccinated Students/Staff

**Proof of vaccination may be requested/required.*

- **UNVACCINATED:** When testing for COVID-19, lab tests or rapid tests must be conducted on or after day 5 of quarantine (if unvaccinated). If negative, you may return after day 7 (if unvaccinated). Proof of results will be required.
 - **VACCINATED:** When testing for COVID-19, lab tests or rapid tests can be completed immediately for a return to school. Proof of results will be required.
 - If you are COVID-19 positive or presumed positive, follow medical guidance and isolate for 10 days from the start of symptoms or positive result, if asymptomatic.
- *ACSD will defer to your medical provider and honor written correspondence received by your provider. It is imperative to communicate with the School Nurse.**

Close Contact – Someone who was within 3 to 6 feet of an infected person for 15 consecutive minutes (cumulative minutes are used on occasion).

**Considerations will be made if both the infected student and the exposed student(s) were correctly and consistently wearing a mask when exposed. Even if you are no exhibiting symptoms, we may require you to wear a mask for 10 days from the date of exposure as a precaution. Also, if you live with a positive case, this flow chart may be modified. Every situation will be evaluated on a case-by-case basis.*
